

RESERVE TEAM RESULTS

These are the details of the games played by the second string of the professional Croydon Common club. However, this is still a work in progress. As can be imagined, the reporting of the second string was not as regular, or as detailed, as for the first team and, as a result, it has not proved possible to ascertain the scorers in some matches and these are marked ●. The record of friendlies should not be considered as definitive, as others may have been played but they went unreported. No reserve team was run in seasons 1910-11, 1911-12 and 1915-16.
